### **III. THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE**

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

The Long version of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English. The Code is also available on the FEI's website: <http://inside.fei.org/>.

All FEI registered Horses intending to compete at FEI Events (including CIMs) must be vaccinated against Equine Influenza in accordance with these Veterinary Regulations. The exception being if the applicable domestic legislation prevents the use of Equine Influenza vaccines within the relevant territory.

The requirement for Horses to have been vaccinated 6 months and 21 days before arriving at an FEI event has been suspended until 1 April 2022. Horses must however be vaccinated to comply with the minimum equine influenza booster requirements.

**7.3 EXAMINATION ON ARRIVAL. FEI Veterinary Regulations, Art. 1029**

On arrival at an Event venue, all Horses must undergo an examination by a veterinarian to confirm their identification from their passport and micro-chip ID (where present), their vaccination status and general health. To protect all horses attending events, any Horse with a questionable health status concerning vaccination, disease or other concerns, must be stabled within the isolation facilities provided by the Organising Committee pending a decision on entering the venue. PRs must fulfil the Horse Health Requirements via the FEI HorseApp in advance of the event which will be checked at the Examination on Arrival.

**7.4 HORSE INSPECTIONS. FEI Veterinary Regulations, Art. 1032-1040**

All Horses will be assessed for their fitness to compete during the Horse Inspection. Any Horse demonstrating questionable fitness may be referred to the Holding Box for further veterinary examination. Horses not deemed fit to compete by the Inspection Panel will not be permitted to compete.

**7.5 LIMB SENSITIVITY EXAMINATION. FEI Veterinary Regulations, Art. 1046-1051 and Annex VIII**

All Horses are subject to examination under the protocol for abnormal limb sensitivity throughout the period of an Event.
